Preface

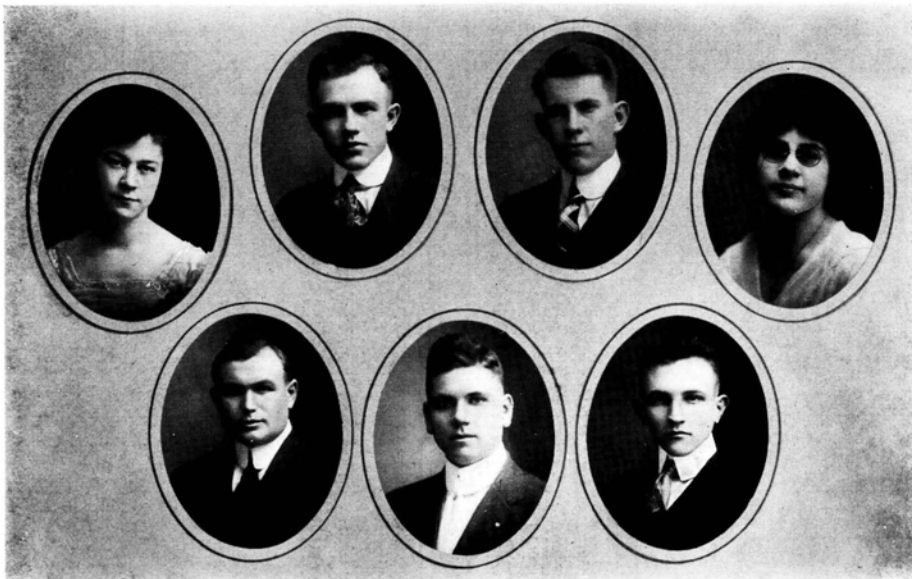

We, the staff of THE 1918 NORTHERN, take pleasure in presenting this, the eighth volume, to our friends and fellow students in Ohio Northern University.

In response to a feeling of indebtedness to the members of the class of '18, we have endeavored to make this book representative of school activities and associations.

If in years to come, as you look back through these pages, memories of old friends, events and places be refreshed and you are made more happy thereby, then we are satisfied.

TO THE MANY SONS
OF NORTHERN
WHO ARE HELPING
TO MAINTAIN THE
LIBERTIES OF OUR FLAG
AND TO MAKE THE WORLD
SAFE FOR DEMOCRACY,
WE, THE CLASS OF 1918,
RESPECTFULLY DEDICATE
THIS VOLUME OF THE NORTHERN
AS A TOKEN OF OUR
APPRECIATION OF THEIR
PATRIOTISM
AND
LOYALTY.

Sons of Ohio Northern

HIO Northern was founded by one whose integrity and sincerity has left wonderful influence upon the institution. It still retains the widespread popularity and enviable reputation which was his highest ambition to establish. It has been the means by which hundreds of men and women have been able to attain one of the most priceless of treasures, an education. These loyal sons and daughters have gone from this place of learning, carrying a spirit of love and reverence for their Alma Mater.

One of the greatest principles adopted by the founder was the spirit of Democracy. It has always been fostered by the faculty and student body as one of the sacred bulwarks of the institution. This spirit has made possible the attainment and retention of Northern's worthy and noble ideals. Furthermore, it gives the opportunity for developing the individuality of the student. This training is largely responsible for the fact that Northern has such a large number of men who have so willingly responded to the call of Democracy. They are not only responsive; they are capable, due in a large measure to the efficient military training received at Northern. The military department has always been considered a valuable asset, but not until now have we been fully aware of its value. The one great aim of this department has been to train men for just such a crisis as we are facing today. The efficient military training has played an important part in the lives of Northern's sons whose achievements have made them important figures in our nation and in the world. As a result, the men of Ohio Northern University have received creditable recognition in the present war. Since our country has taken up arms in the defense of Democracy, the spirit of devotion to the national cause has been especially marked among the students, Alumni, and instructors of Northern.

Although some have gone as selects, many more have enlisted; and today Northern is represented in almost every branch of the service on the land and sea. Our men were especially successful at the officer's training camps, nearly all who took the training receiving commissions. We are particularly proud to hear from time to time of their successes and promotions. We feel that much of their success is due to the democratic and competent training received at Northern.

We, their friends and classmates, keenly feel their absence in all of the college activities. In recognition of their services to humanity, of the laurels which they make for themselves, and the honor which they bestow upon their Alma Mater, we, with a sense of pride, claim them as our own. We feel that we can at least show a part of our appreciation of their services and loyalty by dedicating to them THE 1918 NORTHERN. May they ever keep the upright principles for which they stand, squarely before them, and may they not forget that they are remembered by their classmates as true and loyal sons of Northern.

The Modern Mariner

Ten days he drifted on the sea,
 Alone in an open boat.
 His food: some nails, a pair of shoes,
 And linings from his coat.
 Then prayerfully he knelt him down,
 Thanked God with upturned face,
 That to such fare he had been trained
 At his college boarding-place.

Hatchet Anniversary Eve

Some years ago a Pharmic said,
"The Hatchet fiend would best be dead."

For Engineers had, and Pharmics too,
Many a head both black and blue.

They buried it. Yes, in broad day-light,
Eut raised the dickens at dead of night
With such a clamor and savage zest,
Satan himself couldn't take a rest.

One bunch with a durned old fife,
Almost caused me to take my life.
For, as they went from door to door
It shrieked and screamed and screeched galore.

Down by dear Prexy's shrine most hallowed,
"Loud, deep, and long the thunder bellowed."
A Freshie they saw,—a whoop and halloo!
"Oh Gee!" moaned Prexy, "What shall I do;"

A clatter of feet—a whistle or two—
The night-shirts fluttered, flapped and flew.
The Imps hooted and yelled the worst they knew
And rah-rahed Prexy a long adieu.

Wow! That Freshie let out a wail,
As a hundred demons found his trail,
And past my window I heard him tear
Like an old Ford bound for repair.

He actually brayed, the bops declare,
Like grandpa's mule at the County Fair.
His only art was to smoke and swear,
But he tried to pray right then and there.

He prayed a prayer the best he could,
"Deliver me Lord and I'll be good.
Deliver me Lord and I will try,
To be a good Freshie, by and by."

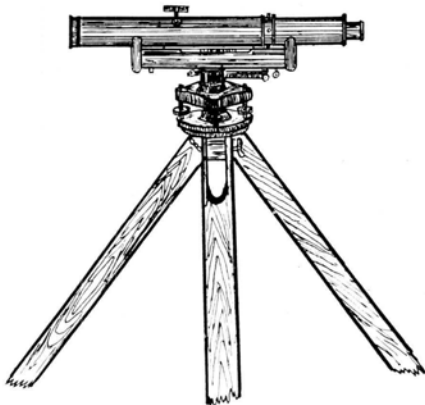

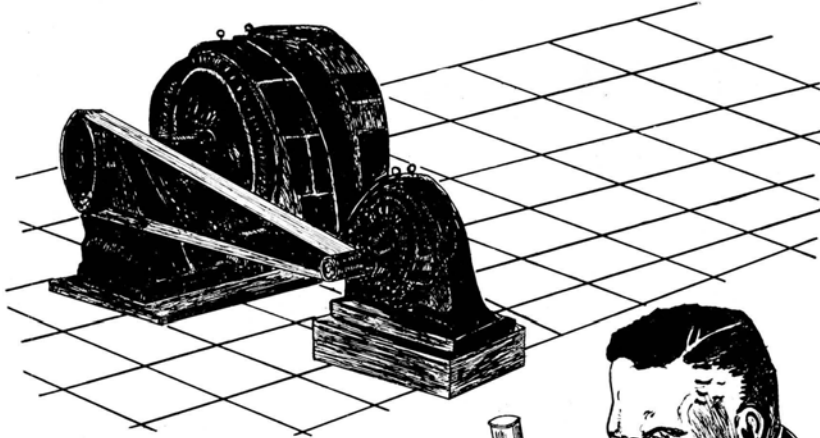

But hopes sank low as murderous peals
Sounded so close upon his heels.
His eyes bulged out; he speeded some
And distanced the mob, three to one.

All through the night the din arose—
Only one dead could find repose.
"That night, a child might understand,
The De'il had business on his hand."

And when at dawn I left my bed
And ventured forth with stealth and dread.
From each house stared those signs at me,
E'—, P' — HATCHET ANNIVERSARY

In Memoriam

TO MAJOR H. E. EICHER of Mill Run, Fayette County, Pa.

His stay of three years with us is one of pleasant memories. He was a student in excellent standing, having taken part in many College activities, wherein he won high military and literary honors. Major Eicher will be remembered by his classmates and friends as a Christian gentleman, a thorough student, and a true friend. It was with deep regret that we learned of his death and we join in extending our sympathies to his parents and relatives.

Under the efficient leadership of Paul Hack the band has enjoyed a highly successful year. Several good concerts were given in Chapel during the year. The band always rendered a number of good selections at the athletic contests which were held in Ada.

As Hack has resigned during this, the Spring Term, Wade Wolfe will direct the band during the remainder of the year.

SUMMER TERM, 1917

During the Summer Term everyone in the Society did their best to make the work a success. A number of new Adelphians were signed up and both old and new members showed much interest throughout the term, which helped to make the administration a splendid success.

FALL TERM, 1917

The Fall Term found the condition of the Literary Society far from normal. Many of our old workers did not return to school. We adjusted ourselves to the circumstances but were soon forced to abandon our hall for the duration of the cold weather on account of fuel conditions. However, we retained our individuality and were permitted to hold conjoint programs in Lehr. The social life was not neglected as several mixers were held during the term.

MARIAN FRANKLIN
President

WINTER TERM, 1917-'18

Although we have had many disadvantages to contend with this quarter, the term has been a very successful one. The numbers on the programs during the term have been the highest type of literary production. We were able to hold socials now and then in spite of the changeable and severe weather. These socials bring about a better acquaintance between members of different societies. As the meetings have been conjoint during this term, the Adelphians have held their programs every third Friday.

SPRING TERM, 1918

The Literary Societies have all been working at a great disadvantage, during the last few months, owing to unusual conditions in the school. Joint programs have been held and will continue to be held for some time.

The prospects for the term are bright and we are looking forward to the time when we may be at home in Adelphian Hall.

THE NORTHERN Adelphian Orchestra

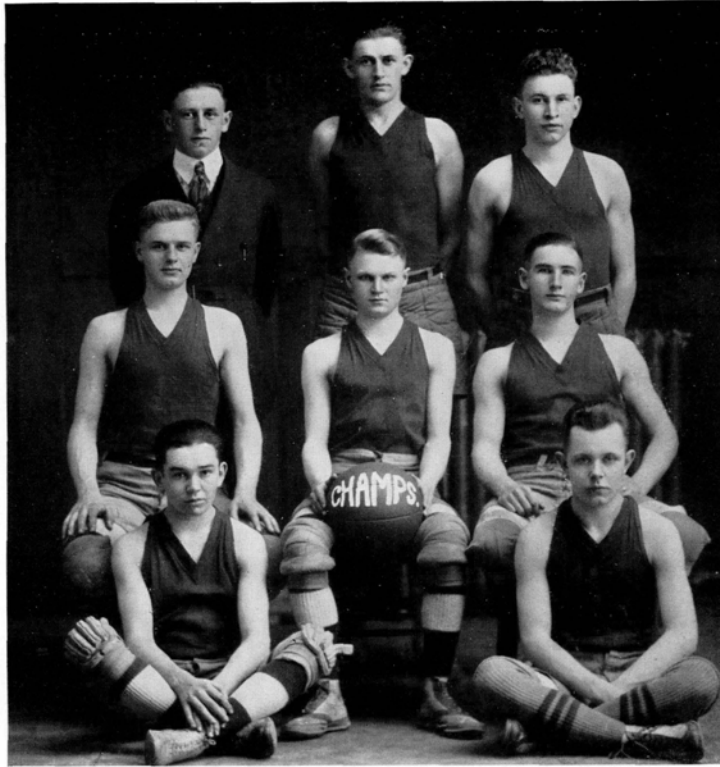

MOTZ, HAWE, GORDON
TAVARES, ARMSTRONG, MISS WARREN, BOCHENEK, MCEACHRON

At the opening of the Fall Quarter 1917 it looked as though the Adelphian would be obliged to get along as best it could without an orchestra. Miss Grimes, who was President at that time, undertook with her usual energy, to arrange for an orchestra. In her own words "We must have an orchestra, we simply must have an Orchestra?" And so it was. Professor McEachron, an old Adelphian who had played in the Society Orchestra when a student at Northern, was asked to organize an orchestra. With the help of Mr. H. E. Hawe, who has since been the leader, an organization was formed. Under his efficient leadership the orchestra has steadily improved until now there is no doubt as to its worth and popularity.

The Adelphian Society wishes to take this opportunity to thank the members for helping to maintain its morale during these trying days of depleted membership due to the hardships of war-time.

THE NORTHERN Adelphian Basketball Team

SILVERMAN (*Manager*), GARDNER (*Center*), REESE (*Guard*)
FRISBIE (*Guard*), MERTZ (*Captain—Forward*), MORRIS (*Guard*)
RILEY (*Forward*), THOMPSON (*Guard*)

The Adelphian Basketball Team upheld the standard set by the Adelphian Teams in the past. They retained the championship which the Society has held for the last five years. They defeated the Philos in two hard fought games. They played Dunkirk and Ada High and won both games.

Under the skillful leadership of Captain Mertz, the team played like a team of veterans.

Little John Riley was always there and was a hard man to cover. "Shorty" Gardner invariably out-jumped the other center and was the mainstay in basket shooting.

The work of breaking up plays and carrying the ball back up the floor fell to the lot of Morris, Frisbie, Reese and Thompson. They did their part so well that it was almost impossible for their opponents to get near enough to shoot. We expect to see several of these men on the Varsity next year.

The games were well attended due to the style of playing on the part of the team and to the efforts of Manager Silverman.

Philomathean Literary Society

TALMAGE HARSHMAN
President

SUMMER TERM, 1917

The Philomathean Literary Society experienced some very profitable results in consequence of the Summer Term's work. The president had the co-operative support of an enthusiastic group of members. The term began with a spirited contest for new members and we were rewarded with the admittance of about sixty new Philos.

Throughout the term interesting and varied programs were given. All the meetings were well attended. The concluding program was patriotic and was given in honor of "Our Soldiers" who had just received their commissions at Fort Benjamin Harrison.

Success certainly crowned our efforts.

FALL TERM, 1917

The work of the term started off in a very commendable manner in spite of the fact that a great number of our members had responded to Our Nation's Call, leaving the responsibilities in the hands of new workers.

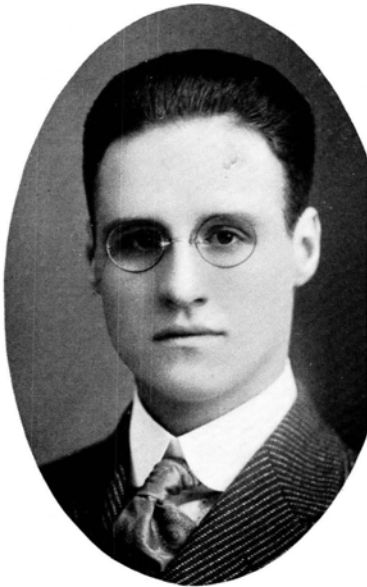

Only a few meetings were held in our own hall; but when it was our privilege to render programs they were of the best which the Society could afford.

An excellent Orchestra aided the Society in its work.

J. AUSTIN POTTER
President

Philomathean Literary Society

ERIC D. LANE
President

WINTER TERM, 1917-'18

All the Philomathean Literary meetings were "Fradelphilo" during the Winter Term as the shortage of fuel prevented the Societies from meeting separately. Philo Hall was the scene of many large crowds and it seemed there had been a revival of "The Old Literary Spirit" which we hear our Alumni speak of. Excellent programs were rendered and both the performers and members of the program committee are deserving of much commendation. The Mock Trial by the lawyers and the Literary Treat given by Miss Wilson's reading class were especially good numbers.

We closed the term with a feeling of satisfaction over the winter's success and with bright hopes for the future.

SPRING TERM, 1918

In spite of the unfavorable conditions which the Societies have been forced to undergo due to the lack of fuel, thus obliging them to meet together, the Philos have maintained their identity and the old Philo spirit which has been smoldering all year, is beginning to burst forth anew.

Under the presidency of Mr. Wolfe, we expect to accomplish greater things than ever.

Philo Orchestra

GORDON, MESSINGER
BOCHENEK, COLLE, PEDROSA
WILDES, HACK, HAYDEN, TAVARES, TABOR

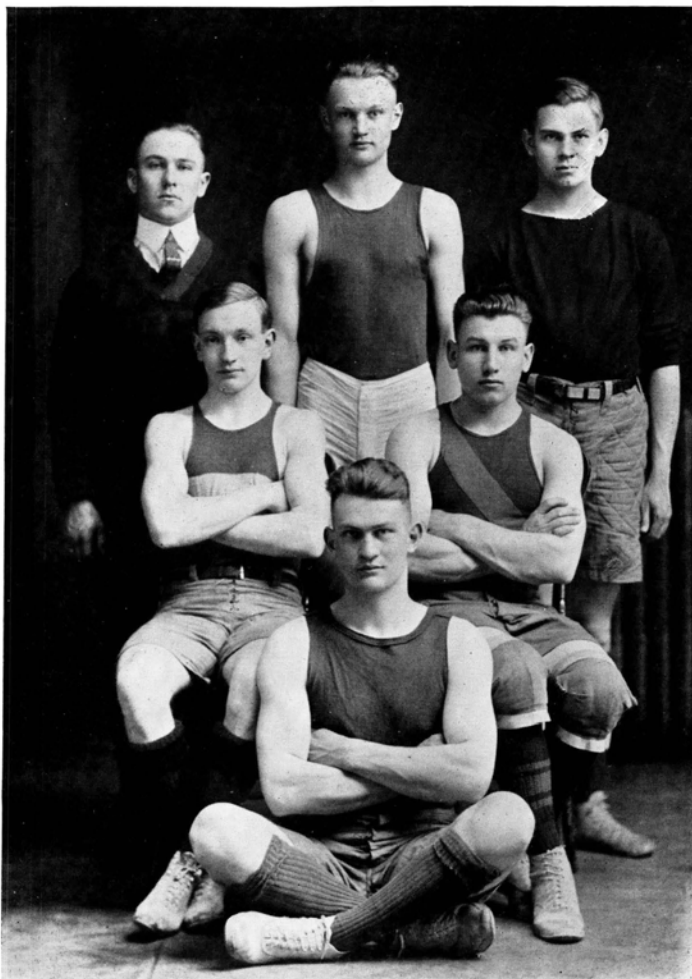

The Orchestra was organized by Eric D. Lane at the beginning of the Fall Quarter. All of the members are competent musicians. They were present at every meeting and delighted the audience with their well rendered selections.

During the Winter Quarter the Orchestra was led by Paul Hack and the music showed the results of good leadership.

The work of the Orchestra has added much to the progress and welfare of the Society.

THE NORTHERN

Philo Basketball Team

DAVIES (*Manager*), BARHORST, KUNTZ
SMITH, MONRAULT
WINEGARDNER

Financial conditions hindered the Philo Basketball Team from having as good a season as they had expected. This did not deter the boys for they determined that the Society should be represented in the five man game.

The president of the society appointed Earl N. Davies, better known as "Davie," to manage the team. Soon after he was elected captain.

The following men reported for practice the first day: Harper, Shew, Smith, Barhorst, Dumbauld and Monrault. Harper and Shew were two of the best forwards in school, with Smith a close second. Barhorst played a good game at center and was a point getter for the team. Monrault and Davies as guards held their opponents to few points and were always in the thickest of the battle. Dumbauld was a man who could come into the game at any time or place and play a good game.

The team lost the first game to the strong Adelpian five. The next game with the Commercial Club was a walk away for the Philos. The second encounter with the Adelpians resulted with the Philos many points behind.

Captain Davies had five games booked for out of town but the coal shortage caused them to be postponed. He says, "We did not do much this year but lookout for us next year."

Franklin Literary Society

MILDRED LONGENECKER
President

SUMMER TERM, 1917

From various viewpoints the Summer Term proved a great success for the Franklin Society. More than one hundred new members became active workers in the organization. Excellent programs were presented each Saturday evening. A sincere interest and spirit of co-operation were shown throughout the term. Each literary night Franklin Hall was filled to overflowing. This was most pleasant and encouraging for Miss Longenecker, first lady president of the Franklin Literary Society.

FALL TERM, 1917

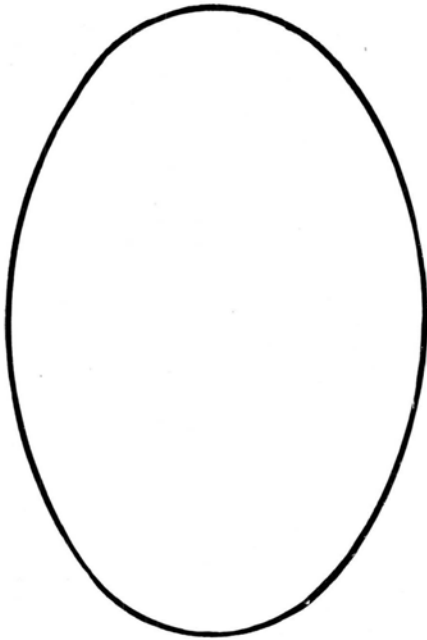

The Fall Term, started in with much spirit regardless of the fact that many of the Societies' oldest and most active members were in the service of our country. Good literary work was produced each night of meeting.

During the early part of the term the organization was delightfully entertained at the home of the Sigma Phi Epsilon Fraternity.

FRANK E. MERCER
President

Franklin Literary Society

L. C. JOHNSON
President

WINTER TERM, 1917-'18

While the literary work was somewhat interfered with during this term because of weather conditions and the fuel situation, yet, there was a loyal interest manifested and good programs produced. It was during this term that the three literary organizations were compelled to unite their efforts and give conjoint programs for the remainder of the year.

SPRING TERM, 1918

The enthusiastic drive which is now on in the Franklin Society is assuring a bright and prosperous Spring Term. Better Society conditions, both as to membership and as to meeting hall, are arousing the old Franklin spirit to its very height and the members are going to show that the adverse conditions during the winter have not discouraged them in the least. While active members, at present, are rather limited in number, they are capable of giving good literary productions and the end of the term will find them in that literary rank which is worthy of notice by those attending.

The Y. W. C. A. of Ohio Northern has again placed on record another year's work. Handicapped by war conditions its work has been difficult but persistent.

A delicious Y. W. breakfast was served the morning of May Day, Commencement Week. However, social activities were not so numerous as usual, all thoughts being turned to practical work. The Summer Term was very effective through splendid services and socials. Hikes in the woods, in early fall, gained acquaintance with our new girls and a great majority joined the association.

Three Thanksgiving baskets were given to the needy and, under Social Service direction, Christmas Greetings were sent to Northern's soldier boys.

The past year has closed in an excellent condition leaving all records clear. With a fine corps of Christian girls leading the association for next year, we feel that much will be done towards attaining a splendid organization at Northern.

The out-going Cabinet owes much to its excellent advisory board and we are glad to add Miss Christie and Mrs. Mart Gary Smith to this division of work.

The Ohio Northern Pre-Medic Association was organized in 1916, the object being to promote a secure feeling of fellowship among the students who are preparing for the study of medicine. Papers on various medical subjects are read and discussed at the weekly meetings.

Along every man's pathway, at times, occur puzzling difficulties wherein the advice of a brother and friend is welcome. To meet these conditions, to live unselfish and to respect the will of others, are the sincere desires and aims of the association.

The Ohio Northern Branch of the American Institute of Electrical Engineers was organized February 9, 1912.

The purpose of the organization is two fold. First, the student is kept in touch with the most interesting subjects of the day in the electrical world and secondly he is given the benefit of appearing before the public to speak.

During the year every member is given the opportunity to address the organization on some technical subject.

All students pursuing a regular course of study in electrical subjects are eligible to membership.

The Latin-American Club was organized in January of the present year. Its object is to unite more closely, in social ways, the representatives of the Latin-American countries in Ohio Northern University, to serve as a standard for the high ideals of Latin-American Fraternity as well as to create and further mutual interests among its members.

The members of the Latin-American Club are good fellows socially and also good students. They are always ready to take part in the activities of their Alma Mater and can be depended upon. Many are musicians and as members of various orchestras and of the University Band they are valuable assets.

Law Association of O. N. U.

MOTTO: *Where there is a wrong there is a remedy.*

In 1915 the members of the College of Law of Ohio Northern University effected an organization known as the O. N. U. Law Association.

From the first the results have fully redeemed the purposes of the organization. It aims to foster, promote and advance the welfare of the Law Department of Ohio Northern University.

The membership is limited to all law students of the University registered in this or any other state.

The officers are respectfully: President, Vice-president, Secretary, Treasurer, and Sergeant-at-arms. Mr. Homer Carlisle occupied the chair as President for the Fall Quarter of this year, Mr. Earle Davies the Winter Quarter and Mr. Parker Edwards is the present incumbent for this, the Spring Quarter. Under the efficient leadership of these gentlemen the association has fully met the expectations of its friends.

The practice in parliamentary law and the Moot Court held from time to time are highly beneficial.

The outlook for the future of the association is highly encouraging.

The Commercial Club of Ohio Northern was organized in 1910. There were two main purposes for its foundation. The first being social, it was intended that meetings be held regularly in order that students in the College of Commerce might form closer relationships and associations. The second purpose was to keep the members informed concerning the latest thoughts and plans in business circles by having speakers occasionally to deliver lectures before the Club.

LENIX CRAIG SLEESMAN

"Prof"

Northern is fortunate in having such a man as Professor Slesman at the managing end of Athletics. "Prof" handles all branches of the College sports.

It is more than an ordinary man's job to meet the situations that will arise in a college town like Ada as transportation facilities and population do not permit an abundance of gate receipts. Hence finance is one big handicap.

Under Slesman's management we have seen the College admitted to the Ohio Conference and it is there to stay. A good manager is almost as essential as a good team and we are fortunate in having one of the best.

Prof's ability as a manager is favorably known all over Ohio and he is considered one of the fairest and squarest in the state.

J. K. DUNN

"Jimmie"

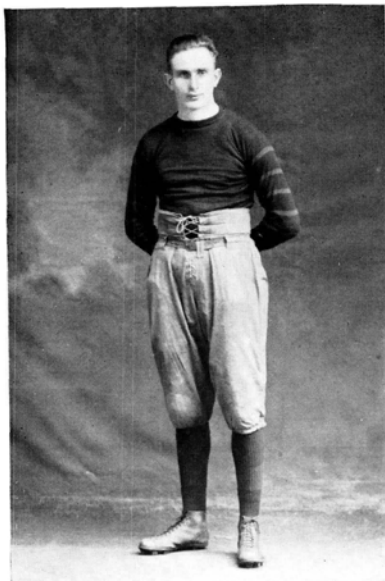

"Jimmie" Dunn in the capacity of Student Manager handled the arduous duties of that position very admirably. It is more or less of a task to attend to the wants and injuries of a couple of squads of pigskin chasers and considerable credit is due the manager who diligently looks after these details.

Along with his military and other activities in College, Jimmie was quite a popular man last fall and his services are greatly appreciated.

"COACH" LARRY BEVAN

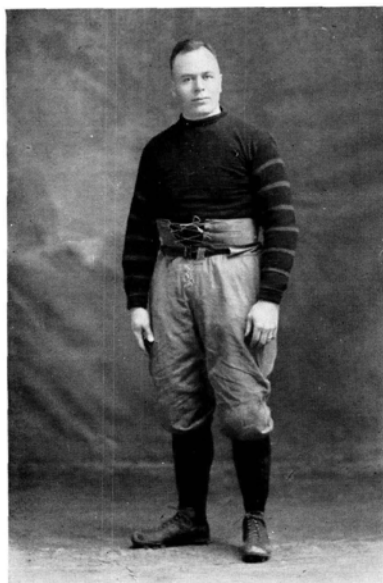

Coach Bevan is a brother of Roland Bevan of last year's fame. Larry is a possessor of all kinds of football knowledge. In fact, he is a regular encyclopedia of Athletics both in experience and acquaintance. He is a devoted worker, very optimistic at heart and sincere in purpose. His optimism is very seldom revealed, however, it is there and his interest is in his work. He is proud of his severity and cares not for the opinion of anyone. If Larry's knowledge of the game and sincerity of purpose could be blended with a personality suited to the Team and Student Body, we would have a Coach second in efficiency to none.

JERRY KATHERMAN
"Jerry"

Jerry is a veteran and a real live wire for Athletics. He is a hard consistent worker, always in the game and full of "pep." There are few who labored for Football as he did. The fans will always have a warm spot for Jerry.

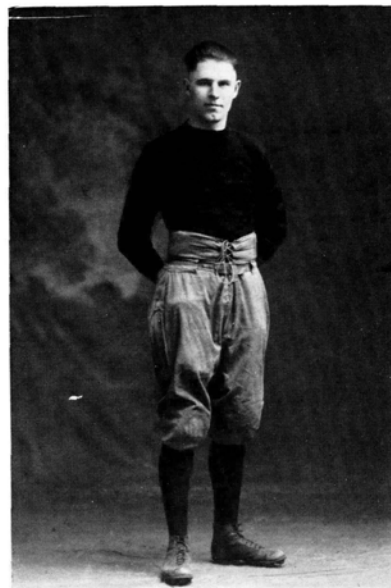

Katherman is a proud son of Bradford, Ohio. He has another year with us and we expect great things of him.

DEFOREST A. RICHARDS
"Dick"

Captain Richards ends his Athletic career this year at Northern where he has been a devoted and untiring worker in Athletics during his entire stay in Ada. He chose Football as his major sport and has been a familiar figure to the devotees of the College game for the past four years, during which time he has won the admiration and respect of all with whom he associated. "Dick" was always "there" and his veteran spirit made him an ideal leader during the past season. His versatility, splendid physique and speed made him a valuable asset to the team and his graduation will take a good man from our promising 1918 "Eleven."

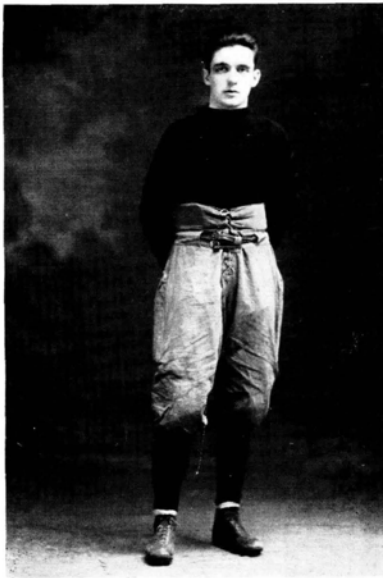

Richards hails from Elyria, Ohio, and graduates in Civil Engineering this year. We all wish him unbounded success.

JOHN S. MANION
"Bunion"

Every Institution like every nation has had its Washington and Lincoln; its Wellington and Gladstone; its Charlemagne and Napoleon, and Northern has had some great men in Athletics but none greater than "All State Trackle," John S. Manion.

John, the subject of this sketch, was born in Avon, Connecticut—years ago. Little did his parents and schoolmates suspect that the buds of superior mental and physical genius were fast forming in this rapidly growing and modest youth. While his work in high school Athletics created widespread attention, yet, it was not until his second year in College that he came into his own, when he proved a veritable whirlwind. All of Ohio's Football authorities conceded him to be one of Ohio's foremost athletes and one who had an opportunity to see his work conceded him first place among Ohio's "Tackles." Big John, being a member of the Enlisted Engineers Reserve will be available next season and will prove one of Northern's most popular Captains.

BERT DIEBEL
"Burt"

Burt was our most formidable factor in the offence and his consistent ground gaining was a feature of almost every game. He is the possessor of a most admirable fighting spirit and he can always "stick." A justly deserved honor was bestowed upon him when he was chosen as the second best half-back in the state.

Burt is from Doyleston-n, Ohio, and will make an enviable record in the Ohio conference next year.

JOHN KOWALESS
"Jack"

Jack was one of last year's Veterans and even surpassed his steady work of last year. He performed admirably at half-back and could handle an end equally as well. We know Jack to be an exemplary man of the best habits and his athletic career has won for him a warm place in the hearts of the Ohio Conference fans.

Jack is a product of Duquesne, Pennsylvania, and gets his B.S. in C.E. this year. He has our gratitude and best wishes.

HOWARD HOBSON
"Hobby"

In "Hobby" we had a splendid type of Football player. As a possessor of physique, spirit and personality, he had soon won the admiration of the follows of the sport. At tackle, he was undaunted by any of his adversaries during the entire season.

Hobson hails from Bartlett, Ohio. He will be with us next year and we predict an All State berth for him.

JAUL J. MORRISON
"Ike"

This snappy little player displayed a real fast brand of Football this year at half-back. He is a bantam weight but makes it all count and with good effect. His fighting spirit did much to inspire the men this fall and "Ike" could always be counted on to advance the pigskin.

Morrison hails from New Brighton, Pennsylvania. He will be with us next year and we will expect much from him.

GEORGE PLEAM
"Quaker Oats"

Pleam, with his stocky build, held down his position as guard against all comers. He proved a valuable defensive man and could stick it out against all opponents. He repeatedly demonstrated the impossibility for his adversary to dislodge him.

George is from Birdsboro, Pennsylvania, and has another year in which he can be of good service to us.

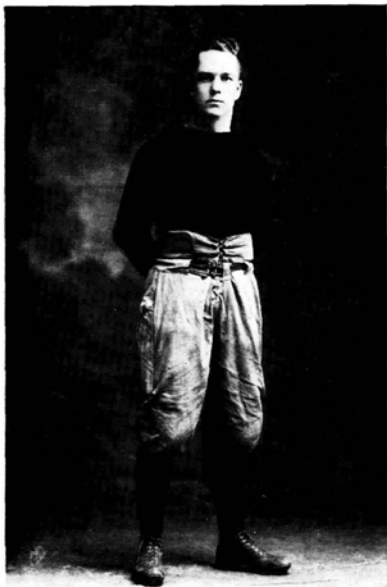

CLAUDE P. GIPSON
"Tex"

As a snatcher of forward passes "Tex" had it on them all and his wild west, reckless spirit spurred him on to many tackles. He made an ideal end and was always on the job.

"Tex" hails from Santa Anna, Texas, and with his Cowboy stride will be a familiar figure on the gridiron next year.

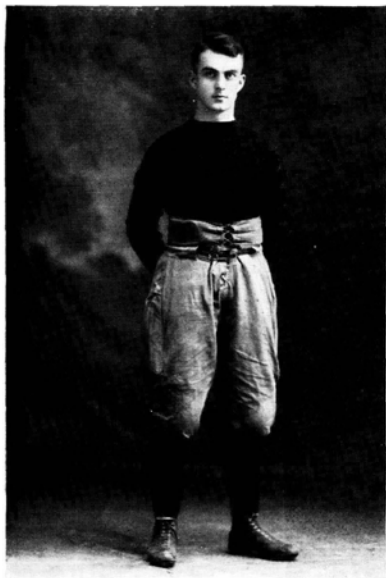

DALE CUNNINGHAM
"Cunny"

Cunningham came out a little late but immediately adapted himself to the team and proved his worth at end. He could ably handle a pass and was a daring tackler.

"Cunny" is from Toledo, Ohio, and graduates in Pharmacy this year.

WINSOR CLARK
"Tommy"

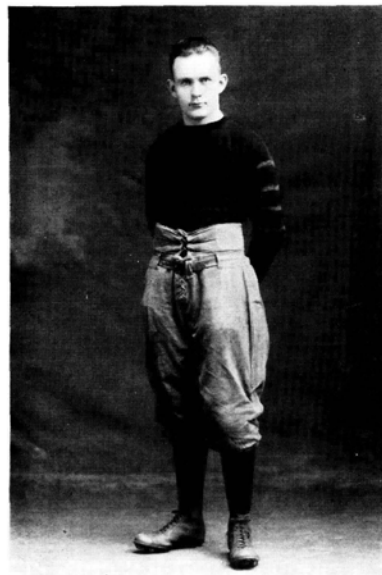

"Tommy" convinced us of his worth and in a very creditable manner. He made a good end and adapted himself very readily as an obstacle to all opposing shafts.

Clark is from Earlville, New York. He has another year here and we expect him to be better than ever next year.

FLOYD M. LANDERS
"Pop"

"Pop" was a consistent worker at end this year and he was a sure tackler and cut off many would be ground gainers. A bad ankle robbed him of the opportunity to demonstrate his real worth to us. However, we all admired the stick-to-itiveness of "Pop."

Landers home is in New York and he will be with us again next year.

THE NORTHERN

C. L. CHARLES

"Chuck"

Charles was another formidable factor in the offence. At full-back he was ever ready to take the oblate spheroid. Hewas always in good condition and a fellow of good habits. He could surely hurl a forward pass.

"Chuck" is from Camden, Ohio. He will be with us next year and should even surpass this year's good record.

CHARLES A. STERLING

"Spike"

At center, Sterling proved to be a very reliable passer and his general makeup branded him as an ideal athlete. He was always a consistent player and performed at center most admirably.

Sterling is from Martins Ferry, Ohio. He has another year in which to perform for the Football fans.

THE NORTHERN

Football Review 1917

The 1917 football season was hampered somewhat by the general situation prevailing in the nation. Fortunately, Northern was able to play most of its schedule and emerged with a fairly good record. While the percentage column was not all that could be desired, the team maintained its splendid spirit against inevitable odds.

At the beginning of the season there were not enough men to complete two teams, and later, due to injuries and other causes, the number was made even smaller. However, there were eleven men who fought hard to keep the old school in the race and of them we are justly proud. The team, management and several of the players individually received the praise of the press, officials and opponents and we sincerely appreciate their courtesy and friendship and hope soon to convince them of our real ambition as an athletic organization.

As usual, we opened the season with Miami University at Oxford. Miami won by 32 to 0. This game revealed to the coach the minor defects of the team. In the next game we overwhelmingly defeated the University of Toledo by a score of 99 to 0. This put plenty of confidence in the team and everyone expected a victory over Akron. The Akron game was played on a muddy field in a drizzling rain and the Rubber City won the game, 19-0.

Our next victim was Finlay College which proved to be another easy victory. Score, 66-0. Then all eyes turned to Case as we had a very good chance to defeat them and also a very determined inclination to do so. Northern scored in the first few minutes on a very well executed trick play. Case scored shortly after and the game see-sawed back and forth until the first half ended with a score of 20 to 20. The second half started out as fierce a fight as ever but Case slipped through a few times until the final score was 46 to 20 in favor of Case.

The St. Mary's game attracted the entire Student Body and also the professors to Lima where they witnessed a very thrilling contest and best of all a victory for Northern by a score of 14 to 0. Lima still remembers the day as does St. Mary's.

Thanksgiving Day closed the season in a very evenly matched game with Wittenberg, at Springfield. Wittenberg's strong forward pass could not be solved and consequently Wittenberg won its first game in many years from Northern by a score of 22 to 17.

Unless the conditions in the country prevent, we look for a very promising season next year as not many of the boys will be lost by graduation, and furthermore, some mighty fine Freshmen will be with us.

As the rules of the Ohio Conference do not permit Inter-Collegiate Freshman contests, the main object in having a Freshman Team is to provide practice for the Varsity. The willingness, on the part of the individuals, to do this, demonstrates to the coach the spirit as well as the ability of the men who will fill the ranks of next years Varsity. Some very good men were discovered in the Freshman Team and their work has assured for them special recognition in the selection of men for the 1918 team.

Considering the reward received and the bumps occasioned by the scrimmages we surely appreciate the grit of the Freshmen. We hope that they will continue the participation in College Athletics where greater recognition and rewards await those who merit it.

PAUL PORTER

Student Manager

Porter faithfully held down the position of Student Manager for the Squad this Season. Being always on the job he attended to all the details pertaining to the welfare and convenience of the players and visiting teams. Porter has proved himself to be one of our best Managers.

His home is in Niles, Ohio, and he graduates in Chemical Engineering this year.

J. J. CORBETT

"Judd"

Northern's splendid team of this year was piloted by Corbett in a very efficient manner. Being a cool steady player with a year's Collegiate experience, he made an ideal leader. He is well liked by the players and the Student Body and he received their undivided support.

"Judd" was stationed at Guard and he was a Guard that could be relied upon at all times.

He has another year at Northern and we will expect to witness again his proficient work both in Basketball and Football.

PAUL J. MORRISON

"Ike"

Basketball is "Ike's" favorite sport and he has surely convinced the fans of his proficiency in that line during the past season. In nearly every game his fast and scrappy playing and accurate passing at forward were predominant features. In the scoring he was the leading point Getter.

As the season progressed "Ike" continued to improve and as he is a junior we will expect even better results from him next year.

JOHN KOWALESS

"Jack"

((Jack" is one of last year's Veterans and coming fresh from the football season, where he performed so credibly, he took up his position at forward and played the same steady game of last season.

During his basketball career at Northern ("Jack" has become well and favorably known by the Conference Basketball Fans.

His graduation this year will take a good athlete from O. N. U.

NEWTON HOLMAN

("Newt"

((Newt" is a home town product, one of Ada's best. He is a player of the spectacular variety often electrifying the audience by his whirlwind tactics. He is a very elusive player and in the game every minute. His official position this year was center.

Holman has another year in which to display his athletic prowess both in basketball and football.

JOHN SLONAKER

"Slonny"

In Slonaker we had a most reliable and steady guard—one who could stay the entire game. While he played guard, he also found the opportunity to get a few baskets. John is a real athlete and a man of splendid qualifications.

He will be with us next year in basketball and footba!! and we expect him to make an enviable record.

Basketball Review 1918

The basketball season is considered a success and we believe that Coach Bevan has turned out the best team we have had in several years. Playing most of the games on strange floors, the team managed to win four and lose six games and these were with the best teams in the state.

Due to fuel shortage, the Brown Gym was closed and a limited time was given to practice. With an ordinary team this lack of practice would have been disastrous but the men on this years team were individual stars. We regret that the lack of practice perhaps robbed us of a much better season's record.

It was welcome news when we learned that the team had won its first game at Springfield, defeating Wittenberg by 23 to 21.

The next game was played at Kenyon College where the team lost 44 to 17.

Ohio University was victor in the third game by a score of 36 to 18.

The next game was played on the home floor and Northern was defeated by the Miami five 38 to 19.

The team next went to Cleveland and lost to Case by a score of 38 to 19.

In a very well played and exciting game, the next contest resulted in a victory for O. N. U. over Wooster, at Ada, by a score of 22 to 19.

At Berea the team triumphed over Baldwin-Wallace by a score of 34 to 12.

From Berea the boys journeyed to Akron where they met one of the best teams in the Conference. Akron won by 46 to 16.

Wittenberg was defeated a second time, in the game at Ada, by 20 to 19.

Something for Nothing

Thus far you have been paying for that which you thought might possibly be a pretty picture of yourself and for nice things to be mentioned about you.

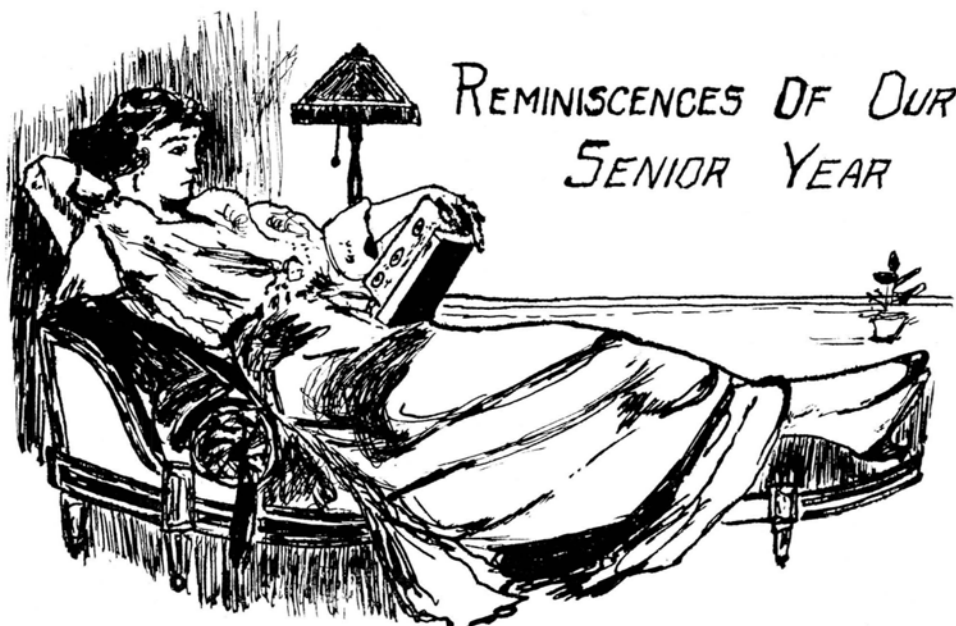

We appreciate the co-operation in the payment of your engraving bill and the interest you have shown by buying a copy of your own Annual. Therefore, we feel that you deserve something for nothing.

The 1918 Northern is not perfect. Strange is it not? Furthermore, there never has been and never will be one which cannot be improved upon. If, in your perusal of this edition, you are unable to make a catalog of defects sufficiently large to satisfy your destructive propensities, please call on us and we will give you the benefit of our Critic Staff. We would, in a spirit of kindness, ask that you carefully keep this catalog and give it, with our regrets, to the 1919 Annual Board. Perhaps the Board of 1919 will appreciate it more and receive a greater benefit than would the Staff of 1918.

As everybody knows there is GRAFT connected with the Northern, and anyone who has had to do with it feels that he may legitimately be classed with a certain species of politician found in every state with the possible exception of Ohio. We should be glad to publish an account of our graft, but as it is hoped the Annual will be edited for many years to come, we refrain. However, you who are on the outside with all the inside "dope" should be informed concerning some of the minor features enacted while you were comfortably sitting in the classroom or peacefully sleeping during the wee small hours of the morning. Among them may be enumerated the sweeping and general overhauling of the Y. M. C. A., an all-night session in order that a space-filling drawing might be made which should have been turned in two months before by the College of Commerce, five months neglect of College work, complete destruction of a pair of shoes and two pair of rubbers in the effort to get Coach Bevan's picture taken, a remark by a professor that he took it that we were not trying to slight his work, burning of the "midnight oil" so many nights after 1:30 that we have the impression that there were only about four days per week this term. As we understand that some work has been done we also recognize the faithful and able assistance of Sidney Ailes, C. E. Scott, J. S. Manion, Francis Sycora and others on the Annual Board who did their bit.

We would recommend that in future years the Annual Board have members of the previous Year's Board; that the Seniors realize the publication is their Northern; that the Editor-in-Chief and the Business Manager get something besides the appellation "grafter." Under existing circumstances you can expect little more of "Something for Nothing."

SEPTEMBER

Sunday, 9—Students are already coming in. We miss Harshman. The Western Ohio Methodist Conference is being held here. Family Bibles have all been dusted.

Monday, 10—First Registration Day. Prexy was rechosen head of his University at closing session of Conference.

Tuesday, 11—Last Registration Day. Students still coming in.

Wednesday, 12—Classes were started. The Profs refused to go easy at first. Prexy gave short talk at first Chapel held this morning. New song attempted "Work for the Night is Coming."

Thursday, 13—More students looking for an education.

Friday, 14—Call for drill was sounded. Finley Forces and O. N. U. Battalion organized. First "blow-out" of Battalion Band.

Saturday, 15—Literary Societies held their first meeting in spite of the absence of Campell and Ragner.

Sunday, 16—First Sunday of the school year was observed by writing home. Usual crowd outside M. E. Church. Several stung for the first time.

Monday, 17—Nearly all students are now enrolled. For all others, ten movies "shot." The war has cut down the attendance fifty percent.

Tuesday, 18—Artificial stimulation of recruiting for the Finley Forces and O. N. U. Battalion.

Wednesday, 19—Girls take hike into country. 19 start out at 5 P. M.; 3 return at 1 A. M.

Thursday, 20—This is fine weather in Lima. "Spot" buys his first second-hand book.

Friday, 21—Literary societies sign up new members. Freshmen join all three so as to show no partiality.

Saturday, 22—A sunny day. Girls take last shampoo of season.

Sunday, 23—A fine day for strollers. The woods were full of 'em.

Monday, 24—Football candidates tear their Jerseys and dirty their trousers for the first time.

Tuesday, 25—Drill hour is changed from evening to noon.

Wednesday, 26—The Armory rendezvous as popular as ever. Social and Military Circles (?) successfully co-operate.

Thursday, 27—The day after the night before. In the evening a repetition of the escapade of last night.

Friday, 28—No school in afternoon as students go to races at Stambaugh farm. Rest was needed.

Saturday, 29—Another Circle. Some Home-fires burned all night but some used Moonshine.

Sunday, 30—Pharmacy students begin to come in. National Guard leaves for Alabama. Many promises to write.

Donald C. Porritt: “. . . and then the Germans charged and the Captain said ‘Fire at will,’ and I said ‘Which is Will?—and they took away my gun and now I can’t play any more.’”

“Dimples” Smith (puzzled in Evolution discussion): “Prof. am I descended from a monkey?”

Prof.: “I don’t know, I never knew your people.”

Miss Harshman: “Why do they cheer when a fellow is hurt in a football game?”

J. E. Balmer: “Why, they cheer so you girls can’t hear what he is saying.”

“I used to think I knew I knew,
But now I must confess,
The more I know I know I know,
I know I know the less.”

“SCOTTY.”

Groth (in German Class): “Name three strong nouns.”

Wingerd: “Onions, Garlic and Limburger.”

“Friz”: “What is the height of your ambition?”

Shorty: “An air-cooled twin.”

Miss Kollfrath: “My! but I was shy when the parson asked me my age.”

Irwin: “Yes about ten years shy.”

HEARD IN LIMA

"Say, have you sufficient confidence in me to lend me a Dollar?"
 "Oh yes! I have the confidence but I haven't the Dollar."

Getz: "I wish to ask you a question about a tragedy."
 Prof. Freeman: "Yes."
 Getz: "What's My Grade?"

Mrs. "Don" Moehring: "I want something for my Husband's Neck."
 Clerk: "Er-er- would you like some rope or just plain soap?"

"He who laughs best laughs when Prof. laughs."

Parkin: "Can I borrow your overcoat?"
 Henshaw: "Sure, but why the formality?"
 Parkin: "I couldn't find it."

Vivian to a Soldier Sweetheart: "Don't you think our town is laid out nicely."
 Soldier: "Yes, it's time it was buried now."

Student with suitcase at station: "Say, could you do me a favor."
 Friend, hastily: "No, I haven't got a cent."

Senior to Northern's Business Manager: "Can you change a five dollar bill."
 Business Manager: "No, but I thank you for the compliment."

Prof. Raabe: "I hear James is giving away birds now."
 Prof. Huber: "How's that."
 Raabe: "One lucky fellow got three swallows out of a glass of near-beer."

Dumbauld: "Say Prof., I saw a fly in Lima that was taller than most men."
 Huber: "What were you doing in Lima."
 Dumbauld: "I was perfectly sober."
 Huber: "Rather unusual. Explain."
 Dumbauld: "This fly stood over six feet without shoes or stockings on."

He: "Didn't some idiot propose to you before our marriage?"
 She: "Certainly."
 He: "Then you ought to have married him!"
 She: "I did."

Our father slipped upon the ice,
 Because he could not stand.
 He saw the glorious stars and stripes,
 We saw our fatherland.

Cookie in her sleep: "The only case I have this year is my vanity case."

Dad: "I thought you took Calculus last quarter."
 Rudolph: "I did but Prof. encored me."

"Do you think colleges turn out the best men?"
 "Sure I was turned out in my first year."

THE NORTHERN

Students who are short of money can draw on their paper but please pay for the Annual with cash. We need the money.

CAMOUFLAGE

The modern Science of Camouflage consists in deceiving the enemy into thinking that something else is different from what it ought to be. (Do you understand this? We don't.) As may be easily seen, it offers to the young soldier a splendid opportunity for exercising his ingenuity. These suggestions, rendered into verse by Fuller Prunes, the street-car poet, may prove of value to the beginner.

CAMOUFLAGE

If you see a complexion that's peaches and cream,
Remember things always aren't just what seem;
Just take a good look, and come out of your dream. —
It's Camouflage!

If the opposite player leans back in his chair,
Looks happy and whistles a popular air,
Why, just ask the dealer for all he can spare, —
It's Camouflage!

If you're touched for a loan by a friend who is flat,
And who'll pay "the day after or swallow his hat,"
Just borrow his watch 'till the day after that, —
It's Camouflage!

If you don't want to drill when the weather is hot,
Why just throw a fit in a suitable spot;
A mouthful of lather will help quite a lot, —
It's Camouflage.

The reason the Kaiser, the silly old ass,
Is steadily losing is simply, alas,
He never got out of the primary class, —
In Camouflage.

MORE CAMOUFLAGE

A student covering two seats while registrar takes Chapel attendance.

Signing the Official Engineer's Examination Blank.

Taking books home during Vacation.

Using a suitcase on Lima Trips.

Picking your teeth at The Norval Hotel after eating pretzels at The Manhattan.

Eating perfumed "Life Savers" after passing the Smoke House.

Appearing interested in Analytical Mechanics.

Attempting to keep awake in Social Psychology.

Pharmic signatures on Matriculation Cards.

Telling your Room-mate that you came home at 10:30.

Frederick's "Retouched Pictures."

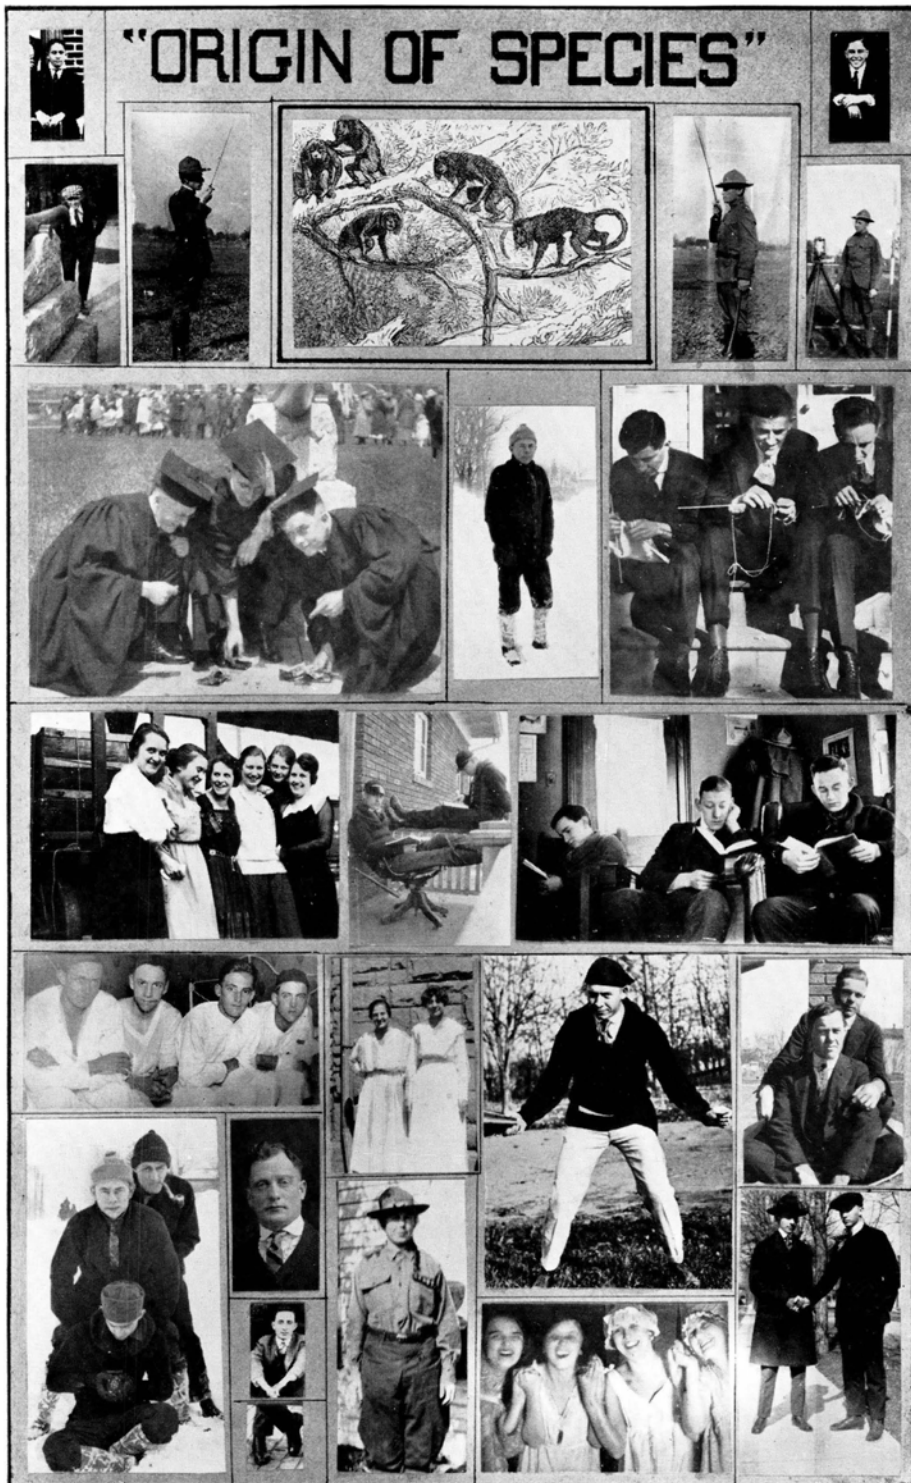

Using expensive stationery to write to your girl while you write home on scrap paper.

What a cheerful thing a monkey are;
When you meet it close, or see it afar,
When it runs 'round its cage, or hangs on a bar,
What a funny thing a monkey are.

What curious things five monkeys am;
When they stick them paws with strawberry jam,
Or behave with the meekness of ou little lamb,
What curious things five monkeys am.

A whole group of monkeys, — well, here they be.
You're surely there; you may not find me,
But if you see they, or if they see we,
There's a whole group of monkeys, and here they be.

How To Be a Soldier

BY BRAINLESS BATES, A., B., C., D., E., F., G., H.

Who never wrote

"Two Years Before the Judge."

"Two Years Before That."

"Through the Alps in a Submarine."

"To the North Pole in a Union Suit."

"To the South Pole in a Hurry."

"The Cheese-Hound in Modern Warfare."

"What I Like About Myself."

Etc., etc., etc., etc.

On reaching camp, go directly to Headquarters and introduce yourself to the commanding officer. Be cordial and friendly. Make some jocular remark like, "Well, here I am Old Sock! How's Tricks?" He may appear embarrassed, but do not notice that. Clap him familiarly on the shoulder. Make him see that you are his friend.

If, by chance, you should be called down by a superior officer, it would be grave breach of discipline for you to salute him the next time you meet. He may be still mad at you and not want to speak.

Whenever you are given an order for which you can see no reason, in a courteous manner, but firmly, ask the officer for further details and explanations. It may develop that there was no reason for the order being given.

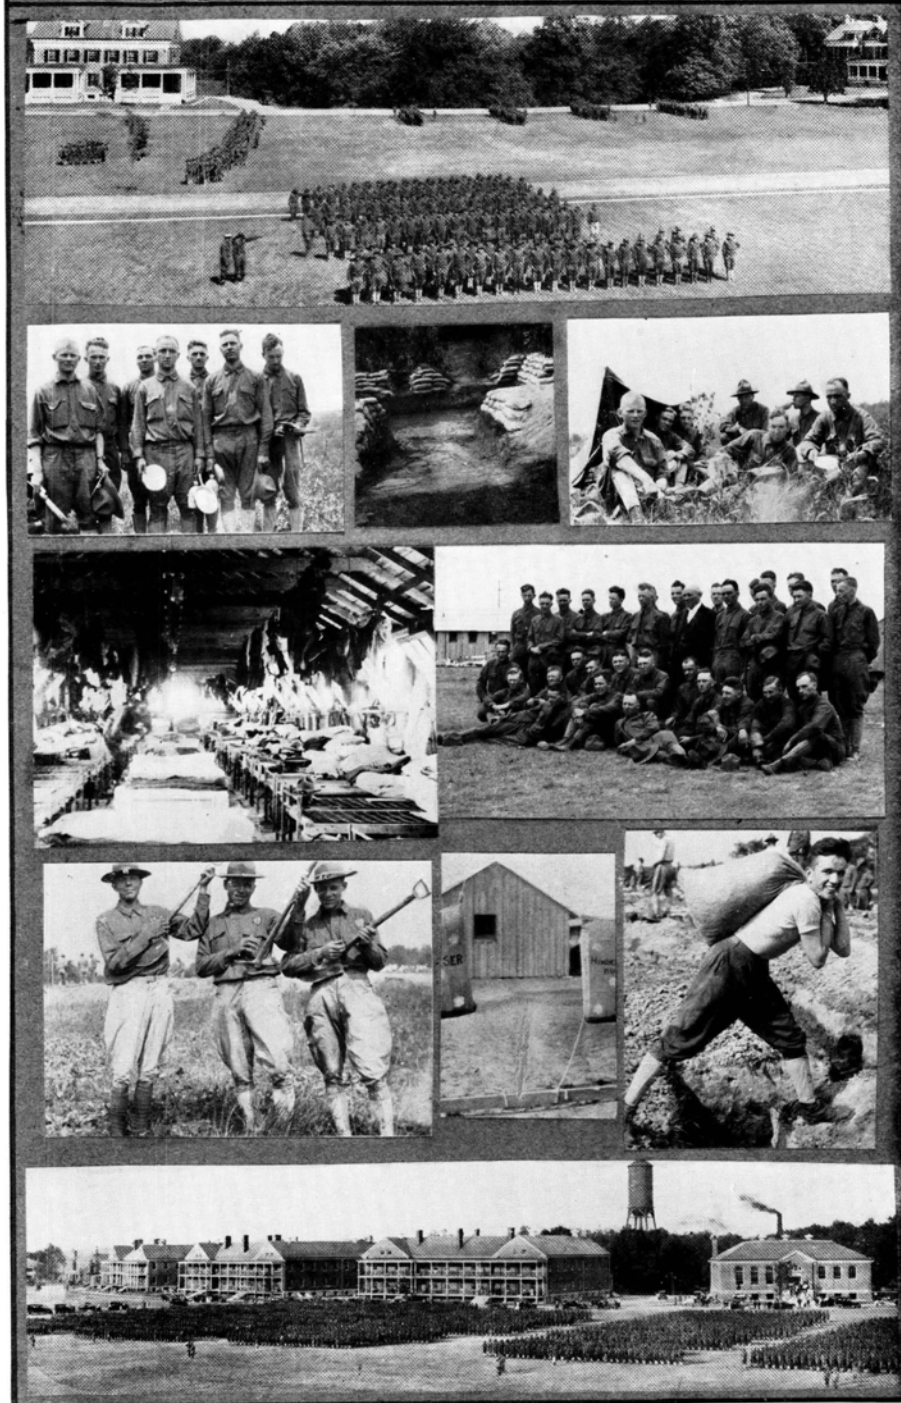

While on sentry duty, if some one approaches your post, rise, thrust your rifle into the ground, muzzle first, and say pleasantly, "Who is it?" If the visitor has no visiting-card and you think he is endeavoring to deceive you, speak to him sharply. Show him that you are not to be trifled with.

If you should be awake in your tent some night, reflect that there may be some other weary or homesick comrade in your company. To cheer him, begin singing in a clear, sweet voice, "Meet Me in the Brickyard where the Pickled Onions Bloom," or "Remember that a Loving Heart still beats beneath His Overalls," or some other old time ballad.

If you feel that your company commander is lacking in a few minor respects, talk it over with him in a patient, sympathetic manner. If you think he is in trouble, offer to lend him a couple of dollars. These little attentions will make him love and respect you.

When you see that your quickness and natural ability are placing you ahead explain to your comrades your good qualities. At the same time tell them kindly about their own defects. Do this in public so that you can not be accused of favoritism. While you are in the hospital send for a Bible and look up Daniel, Fifth Chapter, Twentieth Verse.

OUR MEN AT FT. BEN

Hash

That which is hashed or chopped up; meat and vegetables especially, such as have been already cooked, chopped into small pieces and mixed. A new mixture of old matter; a second preparation or exhibition. A mixture; an incongruous jumble, a mess of spoiled materials. A slovenly person who hashes his words; a clown; a stupid, worthless fellow.

Pass the reviews of reviews he said,
And the landlady's eyes did flash
As the bashful young boarder hung his head,
And silently passed the hash.

THE END

We've parted you all from three "beans;" we've given you a most harmless book.

We've caught you in your homliest poses, with your grimmest artificial look.

Perhaps we were mistaken in things that were funny, but you are used to stale old jokes.

We've taken away your money, but you can get more from your folks.

The Editor (who, of course, you should have been) is the one to censure for the stuff that's here.

We couldn't have had a worse one, it's for our money that we most fear.

Now, the Editor wants all the praises, but the Editor is no hog.

So if you want to kick like blazes, won't you please burn it out on the log.

Specialists in College Printing
